PRODUCT NEWS

New Snap Lock Folding Backrest -

Please be aware of a different system concerning aluminium sideguards with this new style folding backrest. When aluminium sideguards are ordered please be aware that they will not fold down with the backrest, but will remain in situ with the backrest folding between them. This can present problems particularly on low rear seat heights where the sideguards are larger, this will result in the sideguards being higher than the folded backrest. The correct order coding is - SA22. Fixed side guards to suit snap lock folding backrest pricing remains constant as current folding aluminium sideguard upcharge.

From the Manufacturing Manager -

In Bespoke issue 8 we spoke about how busy we were currently, you will now notice that all new orders will be confirmed with a delivery date in the new year. Although this may seem to be a little longer than normal it will still come within our 8 week target delivery time, due to the two week Christmas holiday when there will be no production.

Saudi Arabia

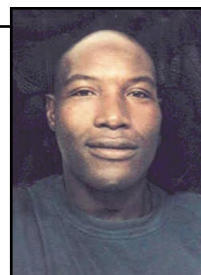

My recent visit to Saudi Arabia has resulted in a 100 chair order for RGK, consisting of basketball, table tennis and racing chairs. The chairs are being purchased by the Saudi Sports Federation for Special Needs and will be used in the Kingdoms sports development programme.

Russel Simms says "It is very exciting to be involved with the Saudi Sports Federation for Special Needs and I look forward to seeing their development on the world stage in near future. I would also express my thanks to the Saudi/British sports memorandum in linking RGK and this organisation together.

The General Secretary of the Saudi Sports Federation for Special Needs, Mr Nasser A Al Saleh, said that the General Presidency of Youth Welfare are serious about giving easy access to disabled Saudi People to play sport."

Athlete update -

RGK are delighted to add another famous face to our Paralympic athlete team, Abou Konate. Abou has 90 international caps for the French basketball team and numerous club honours within France and more recently in a player coach role within Fundosa, Spain. Abou said, "RGK chairs are acknowledged as the best basketball chairs on the market today, I am looking forward to the edge this will give me on the court."
